

2018 Sweetheart Swing Classic Contest Rules & Judging Guidelines

GENERAL RULES & INFORMATION

STATEMENT OF SWING

This statement of Swing is to be used to identify the presence of swing in the Swing Divisions at the Sweetheart Swing Classic (SSC). Swing is an American Rhythm Dance based on a foundation of 6-beat and 8-beat patterns that incorporate a wide variety of rhythms built on 2-beat single, delayed, double, triple, and blank rhythm units. The 6-beat patterns include, but are not limited to, passes, underarm turns, push-breaks, open-to-closed, and closed-to-open position patterns. The 8-beat patterns include, but are not limited to, whips, swing-outs, Lindy circles, and Shag pivots. Although they are not part of the foundation of the dance as stated above, 2-beat and 4-beat extension rhythm breaks may be incorporated to extend a pattern, to phrase the music, and/or to accent breaks.

This statement will be used only to identify the presence of Swing content in a performance. It is not intended to be a full definition of Swing, or to be used to evaluate the quality of the performance. Each Judge will evaluate the presence of Swing content, which will be one of the criteria that determine a final score.

All Competitors must be courteous and demonstrate professional behavior.

G. JUDGING CRITERIA

The Relative Placement System will be used to judge all competitions. All Competitors will be judged using the following criteria:

1. **Timing** – “How Your Body Connects to the Music”. Swing is a dance beginning on the downbeat. Timing extends to much more finer distinctions than a single beat. It includes fractionally ahead or behind the beat, as well as matching the syncopated “swing” of the music.
2. **Technique** – “How Well You Do What You Do.” How well the Competitors execute the movements comprising their dance constitutes technique. We are looking for good footwork, balance, control, frame, and how well turns & spins are executed, and control of arms and hands.
3. **Teamwork** – How Well You Work Together.” Swing is a connected, partner dance. The demonstration of this connection and the appearance of lead/follow or action/reaction between the partners is an expected part of any competition. It is the ability to work together as a team. One partner ignoring or out-dancing the other, or jeopardizing the safety of the other (or other Competitors), indicates poor teamwork.
4. **Content/Choreography** – “What You Do.” The selection and order of movements and transitions executed during a dance comprises choreography. Good choreography demonstrates an intimate connection with the music and its phrasing, as well as variety and contrast of movements.
Choreography must be tasteful and respectful to the audience.
5. **Showmanship/Presentation** – “How Well You Sell What You Do.” To create an atmosphere of excitement by inviting and generating interest in a performance is the desired effect of good presentation. While providing a good show is one aspect of presentation, a good show is not a substitute for good dancing.

SWING CONTENT

1. In all divisions, the amount of Swing content that is required or allowed will be evaluated by each judge. A judge will mark his score sheet as follows.
 - a. Swing Warning - If a judge feels there may not be enough Swing content in a routine, they will mark their sheet with an SW and their score will not reflect a lower score.
 - b. Swing Violation – If a judge feels there isn't enough Swing content in a routine, they will mark their sheet with an SV and their score will reflect a lower score.
2. Please review the STATEMENT OF SWING at the beginning under GENERAL RULES & INFORMATION.
3. Review your division for requirements or restrictions.

Judges

1. Judges will be scoring the performances according to the above criteria.
2. Performances reviewed by the Review Panel will be final.
3. Judges decisions are final. In the unlikely case of ties in scores, the contest will be decided by the mathematical system for breaking ties. Described here:
http://www.swingdancecouncil.com/library/relativeplacement_5_1_10.pdf
4. Deductions or demotions for violations of rules are applied by the Chief Judge from indications and observations of the judges.

REFEREE (option of Organizer)

1. The organizers may designate a referee to check routines to make sure they adhere to the rules for that division. The referee's job is to identify infractions in a routine, which can include:
 - a. the length of routine
 - b. costuming requirements
 - c. move restrictions
 - d. move requirements
 - e. length of breakaways
 - f. using an unapproved prop.
2. The Referee will sit with the judging panel for all Routine divisions.
3. The procedure for the Referee:
 - a. If the Referee flags a routine, he will review the routine a second time.
 - b. If he concludes there still may be an infraction, he will submit the performance to the Judging Panel.
 - c. If he concludes there is NOT an infraction after the second viewing, it will not be submitted to the Judging Panel.
4. If it is a length of time infraction, it does not need to go the Judging Panel. It can be verified with the Chief Judge.
5. The Referee does not judge Swing content on the performance.
6. All NASDE events are required to have a Referee, especially for the Classic and Showcase divisions.

H. ERRORS, PENALTIES, AND VIOLATIONS

1. **Pass** – The performance was reviewed and passed. No action is taken.
2. **An Error** – An error is a minor and apparently unintentional breaking of the rules. It is a mistake. If the review panel agrees it is an error, no action will be taken. It will be assumed the error was reflected in the Judges' score.
3. **Penalty** – will be given in cases where the review panel feels the incident was more than an error, but not as serious as a violation. Something that needs to be addressed, but not serious enough to drop you out of the money. A drop in placement will be issued.
4. **A Violation** – A violation is a serious and apparently intentional breach of the rules. A violation is for something serious where it is felt the competitors knew better, but did it anyway. A violation may result in being moved out of finals and/or placed out of the money. In NASDE divisions, if a violation is issued, NASDE points will not be awarded.

I. BEGINNING AND ENDING A ROUTINE

1. **Entrances and Exits** – Choreographed entrances-to and exits-from the dance floor are permitted, but not required, in choreographed routines.
2. Timing and judging will begin from the first movement of the performance, with or without music or sound. Timing requirements for a choreographed routine will be determined by the Referee or designee. If too short or too long, it will result in a Violation.

J. AGE REQUIREMENTS

The Competitor must meet the age requirement specified in these rules on or before the Sunday of the event. If it is discovered someone knowingly enters a division with an age requirement incorrectly and competes, they will forfeit their placement, prize money, and trophy.

- If the CJ approves the request, the couple may elect to perform their routine again with the previous performance scores voided.
- If the CJ denies the request, the performance that was completed will count towards scoring the contest.

- The couple may decline the option to restart if they are satisfied with their completed routine.
- If they did not complete their routine, and opt out of the restart, the couple will be scratched from the contest.
